TO: Each Supervisor

FROM: Jonathan E. Fielding, M.D., M.P.H. 
Acting Director and Health Officer

SUBJECT: BEACH WATER QUALITY

On May 30, 2006, your Board approved a motion by Supervisors Yaroslavsky and Knabe instructing me, along with the Directors of Health Services, Public Works, and Beaches and Harbor in conjunction with County Beach Commission, County Beach Lifeguards, beach cities' representatives and environmental groups including Heal the Bay, to report on recommendations for improving the evaluation and communication of beach health risk factors to the public and report back in 30 days.

This is an update since my July 20, 2006, status report. Staff from Public Health and Public Works are working on a program plan, budget and timeline to begin to identify sources of beach water pollution of the north Santa Monica Bay. We will provide a complete report and proposed project plan by August 31, 2006.

In the meantime, if you have any questions or need more information, please let me know.
